Leverage the Power of Sam's RE Club... Increase Your Exposure to a Targeted Market Audience!

Would you like to drive more people to your services and products in 2016 and beyond? Sam Sadat, founder of Sam's Real Estate Club established in 2003, has an exciting offer for you!

In joint partnership with us, become one of our **select sponsors** and connect with our vast and growing database of investors (**20,000+**) who are passionate about real estate and who may be in need of your real estate related services. In fact, our members invest thousands of dollars every month on a wide variety of real estate related products and services such as yours.

Boost the power of your marketing dollars by renting a sponsor table to showcase your products/services at Sam's RE Club monthly meetings!

Benefits of Sponsorship:

- Your marketing dollars work **smarter**, not harder, by exposure to a target audience!
- Personal interaction and relationship-building opportunity with our upscale clientele to promote products/services!
- Our **dynamic** team will promote your products/services through our network of members, affiliates, website postings and social media.
- Lastly, but certainly not least, take advantage of our new location!

Just think of the cost of taking out an ad in the LA Times or other So Cal publication. Not only can it be cost prohibitive, but there's no guarantee the audience will be your audience.

If you wish to further explore the possibilities of this effective marketing opportunity and develop a mutually rewarding working relationship with us, please call me anytime.

Regards,

Amanda Bennett, Club Director
